Introduction

This procedure takes a practical approach towards what the town council can realistically do in the event of an emergency.

It starts off by giving a pen portrait of who does what in the county, along with their contact details. This is followed by details of how the town council will organise itself and the resources it has at its disposal in the event of an emergency.

It goes on to identify contact details for the relevant council employees, the voluntary organisations who may be able to assist in the event of an emergency, and the care and residential homes in the town.

John Wright
Town Clerk
Nov 2021

Next Review: Nov 2022

Who does what in Dorset?

The Strategic Co-ordinating Group

This consists of the county's police, fire and rescue, health and ambulance services, along with the Coastguard, Environment Agency, and the chief executives of the county council, unitary, borough and district councils.

The Strategic Co-ordinating Group, also known as 'Gold Command', is chaired by a senior police officer, normally an Assistant Chief Constable.

As indicated by its name, this group co-ordinates a strategic approach across services. The group is called together in the event of a significant emergency.

The Tactical Co-ordinating Group

Representation is as above. The Tactical Co-ordinating Group is also known as 'Silver Command'. This group implements the decisions made by the Strategic Co-ordinating Group.

Dorset Council (DC)

Dorset Council's emergency planning officer is Simon Parker - 01305 224510. There is a duty emergency planning officer available at all times on 07623 544346.

In the event of an emergency, Dorset Council will endeavour to provide the latest information on the front page of the dorsetforyou website.

The county council is responsible for highways, they have a Vulnerable People Plan, and will transport evacuees to rest and reception centres. The principal rest and reception centre for Lyme Regis is Woodmead Halls, 01297 443942. The purpose of the rest and reception centre is to provide a venue for people to be directed to, and from where other organisations will provide help and support. They are responsible for flooding, except for coastal and main river flooding, which is the responsibility of the Environment Agency.

The county council also has a supply of sand bags at the Charminster depot in Dorchester.

The Highways Agency

The Highways Agency is responsible for motorways and major trunk roads. The A35 and the A303 are designated major trunk roads. The Highways Agency can be contacted on 0300 123 5000. Their website is kept up-to-date with the latest information, ha_info@highways.gsi.gov.uk

The Environment Agency

The Environment Agency is responsible for coastal flooding and main rivers. There are two national contact numbers: Floodline, 0845 988 1188 and the Incident Hotline, 0800 807060. The regional team is based at Blandford, 01258 483326.

The regional team's advice is that if there is an emergency or up-to-date information is required, we should dial a national contact number and ask to be put through to the Blandford flood warning duty officer.

The town council is registered with the Environment Agency for coastal and river flood alerts.

South West Water

South West Water can be contacted on 0800 169 1144.

The Emergency Services

The police, fire and rescue, and ambulance services can be contacted on 999. The Maritime Coastguard Agency and the Royal National Lifeboat Institution can also be contacted on 999. In a non-emergency the police can be contacted on 101.

The Maritime Coastguard Agency (MCA)

The MCA has highly trained Maritime Rescue Coordination Centre personnel who are ready to respond to emergency calls on a 24-hour, 365-days-a-year basis for the UK coast and surrounding waters. Their primary aim is to reduce incidents through prevention activity, education and improved regulations while maintaining effective enforcement. Their main emergency response is Search and Rescue, Counter Pollution & Response, Receiver of Wreck. They can be contacted on 999.

The Royal National Lifeboat Institution (RNLI)

The RNLI is a charity that saves lives at sea. They provide, on call, a 24-hour, 365-days-a-year lifeboat search and rescue service and a seasonal lifeguard service. The RNLI also has a Flood Rescue Team available on a 24-hour, 365-days-a-year basis ready to deploy to flooding events in the UK, Ireland and abroad to perform search and rescue.

Western Power Distribution

Western Power Distribution is the electricity distribution network operator for the Midlands, South Wales and the South West. They can be called in the event of a power cut and are available 24 hours-a-day, 365 days-a-year. They have special arrangements in place for

vulnerable people and customers who depend on electricity. In the event of an emergency they can be contacted on 0800 365900.

Southern Gas Networks (SGN)

Southern Gas Networks (SGN) provide a safe and secure supply of gas to 5.8 million customers and are the second largest gas distributors in the UK. In the event of a suspected gas leak call 0800 111 999. They are available 24 hours-a-day, 365 days-a-year.

Other useful numbers

Other useful numbers can be found on the Lyme Regis Town Council website under Community/Useful Information/Useful Contacts.

The role of the town council

In the event of an emergency, the town council will suspend the normal duties of its employees and direct them to assist its residents and other agencies working in the town. In doing so, the town council will pay proper regard to the health and safety of its employees.

The town council's first point of contact in an emergency is the town clerk. Other secondary points of contact, in order, are the deputy town clerk, the operations manager and the support services manager.

If an emergency event occurs, the town clerk or deputy town clerk should work with a lead councillor, normally the Mayor or chairman of the Strategy and Finance Committee or, in their absence, one of their deputies. Their contact details, along with those of other employees are attached. Further details are as follows:

- The town clerk/deputy town clerk/operations manager/support services manager should consider advice from the lead councillor but retain responsibility for operational decision-making.
- The town clerk, or in his absence the deputy town clerk/operations manager/support services manager, should take whatever measures are necessary to protect public health and council property.
- As soon as an emergency has been contained or resolved, the member and the town clerk or deputy town clerk / operations manager / support services manager should decide what information needs to be communicated to whom and when this should be done. This includes an assessment of whether a press release should be issued.
- If any actions taken subsequently need to be stood-down, e.g., the removal of a cordon, the town clerk/deputy town clerk/operations manager/support services manager must propose how this should be done.
- The town clerk/deputy town clerk/operations manager/support services manager must complete a report on the emergency. This report must detail any further actions required and must be reported to the next appropriate council meeting.
- A log of key events and actions will be maintained for the duration of the emergency.

In the event of an emergency, the town council will aim to keep its office open to:

- provide information and assistance to the public
- update its website
- liaise with other statutory and voluntary agencies working in the town
- co-ordinate the activities of its employees.

Other employees will be directed to such duties that are appropriate. Typically, these could include establishing that vulnerable residents are safe and secure, escorting residents to

rest and recovery centres, clearing snow, gritting, deploying sandbags, clearing blocked areas and assisting other organisations who are responding to the emergency.

The resources of the town council are limited. However, they could be of assistance as a first response or to deal with isolated incidents.

To this effect, the town council has available:

- 50 x 20 kg salt bags in the cemetery store and 850kg of loose salt at the cadet hut. Keys are held by the external works' team and at the town council's office
- a hand and towable gritter located in the works store. Keys are held by the external works' team and at the town council's office
- 100 sandbags stored at the cadet hut. Keys are held by the external works' team and in the town council's office
- 72 hydrosnakes are stored at the amenities hut in the gardens.
